No. 664/46 Office of the City Improvement Trust Board,
"Ranga Vilas", Seshadri Road,
Dated, Bangalore, the 3rd Septr 1946

From

C N NARASINGA RAU, ESQ., B.A , B.L ,
Chairman, City Improvement Trust Board,
BANGALORE.

To

J.B. MALLARADHYA, ESQ., M A ,
Secretary to Government,
Revenue Department, Bangalore.

Sir,

Subject - Permission to quarry stone from open ground near Kumara Park West for the construction of Dispensary and Maternity Home

- oOo -

In forwarding herewith an application received from Mr V S Thiruvengadaswamy Modaliar, High Grounds, Bangalore, praying for permission to quarry stones near Kumara Park for the construction of the above building, I have the honour to state that during his inspection of the Kumara Park West Extension in 1944, the Dewan was pleased to observe that quarries had been worked very near the building sites and the railway lines and that the unsightly pits had been formed. He was further pleased to enquire whether the quarries were under the control of the Public Works Department, (2) Whether private persons had been allowed to work there and if so, under what conditions and (3) Whether any arrangement had been made to see that the quarries were not worked by unauthorised persons (vide Dewan's minute dated the 28th February 1944)

2 After some correspondence on the subject,

in the Public Works Department, the ~~Sanitary~~ Superintending Engineer, Mysore Circle, issued instructions to the subordinate Officers to stop all further quarrying in the area and intimated this fact to the Chief Engineer of Mysore in his letter No.2967 dated 23-3-44 . Since then, no quarrying is allowed by any private persons in this area and several requests in this behalf have been refused // But, since in the present case, the petitioner wants the stones for the construction of a public building to ~~suit~~ wit, a Maternity Home and since he undertakes to see that no ugly pits are formed, I feel that the permission sought for, may be granted subject to the condition that the party shall pay the usual royalty prescribed by Government in this behalf and that no ugly pits are formed by quarrying and he shall not quarry below the ground level at any cost.

3. I request that orders of Government may kindly be obtained in the matter of grant of the permission sought for by the applicant.

4 The hatched portion in 'Red' in the enclosed sketch is the place where the applicant seeks permission for quarrying.

I have the honour to be,
